Freedom® Collection **COMMON FEATURES**

★ **COOL AIR FLOW TECHNOLOGY**

Thermador refrigerators have never been more energy efficient. Cool Air Flow—upgraded with a new, quieter fan—is proprietary Thermador technology that optimizes and evenly distributes cold air throughout all parts of the unit.

DUAL EVAPORATOR & DUAL COMPRESSOR SYSTEMS

Each cooling compartment in our bottom freezer units and refrigerator and freezer has its own evaporator and compressor to eliminate odor transfer and keep food fresher, longer, with better humidity and air flow.

OPEN DOOR ASSIST (NEW)

With the flexibility to either push to open or pull to open, our new Thermador Auto Door Opening technology adds a luxurious touch as well as an option for sleek, handleless design.

TFT DISPLAY (NEW)

A touch-screen TFT display panel controls settings, including individual temperature control, lighting and Open Door Assist.

LED THEATER LIGHTING (NEW)

See your ingredients in a new light. Theater-style, diffused lighting, ensures visibility while limiting hot spots.

SOFT-CLOSE DRAWERS (NEW)

Luxury you can feel. Revel in a gentle, quiet glide when you open or close interior drawers.

ALL-LEG LEVELING (NEW)

New all-leg leveling allows for quicker and faster installation.

★ **DELICATE PRODUCE BINS (NEW)**

Avoid bruised produce and damaged herbs. Store your fresh from your garden fruits and vegetables in luxury with removable Soft-Close Delicate Produce Bins.

★ **THERMADOR® EXCLUSIVE**
