RANGES

FOR THE PROFESSIONAL COLLECTION

Our Pro Grand® and Pro Harmony® Range collection offers a variety of sizes and styles, and is engineered to suit both large and compact kitchens.

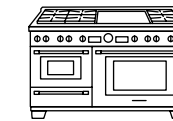

Design: Lisa Brooks and James Wheeler, Lisa Brooks Designs (Kitchen) and James Wheeler Designs (Interior)
Photo: Emily Followill Photography

Pro Grand®

27-INCH DEPTH PROFESSIONAL RANGES

Featuring bold, iconic design elements including temperature gauge, color TFT display, bullnose front, and milled stainless steel knobs with down lighting, Pro Grand® Ranges stand out with the quality craftsmanship and close attention to detail that only Thermador delivers.

60-INCH

48-INCH

36-INCH

Pro Harmony®

24-INCH DEPTH PROFESSIONAL RANGES

Counter-depth Thermador Pro Harmony® Ranges have milled stainless steel knobs, a bullnose front, and a color TFT display on select models.

30-INCH

Features

PROFESSIONAL RANGES

★ Patented Pedestal Star® Burner

The unique shape isn't just for show. It creates a perimeter 56% longer than a round range burner of the same size, which allows the inclusion of more flame ports. The result is a burner that delivers superior flame spread and a reduced cold spot for faster and more even heating across any size pan.

★ A Touch of Bold

Adorn your professional range with a personal touch. Our cast metallic knobs in signature Thermador Blue are sure to bring an artistic allure to any culinary space (sold separately).

★ Thermador® Exclusive

Features vary by model. See [Thermador.com](https://thermador.com) or specification sheets for details.

Features

PROFESSIONAL RANGES

★ **ExtraLow®**

Our ExtraLow feature provides a wide range of temperature control. It cycles the patented Pedestal Star® Burner on and off to maintain a very low temperature. Perfect for simmering delicate sauces, or keeping food warm without scorching or stirring.

★ **QuickClean Base®**

The raised, patented Pedestal Star® Burner and porcelain maintop have been crafted for stunning design and easy cleanup. A hand and sponge fit easily under each burner to wipe the surface clean, and teardrop emboss reduces food buildup near the base.

★ **Liberty® Induction Module**

Available on the 36" and 48" range sizes, the Liberty Induction Module features two induction zones for added flexibility, plus HeatShift® technology, which automatically adjusts the heat when a pot or pan is moved from one zone to the other.

Features

PROFESSIONAL RANGES

★ **Pro Harmony® Induction Range**

The Pro Harmony Induction Range features up to three extra-large flexible cooking zones to accommodate large cookware. Simply move your cookware to another cooking zone and transfer settings automatically with MoveMode®, or transition from sauté to simmer with HeatShift®.

Masterpiece® slide-in induction range (MRI304DL) is also available. Explore the comparison chart or visit the website for details.

Removable Griddle and Griddle Accessory

Our 12" non-stick, corrosion resistant cast-aluminum griddle is thermostatically controlled to deliver consistent, even heating across the entire cooking surface. It is also removable for easy cleaning, or to interchange with our grill accessory (sold separately).

Dual Zone, Double Griddle

The 60" Pro Grand Range is available with a large dual zone, double griddle, perfect for cooking both delicate recipes, as well as searing at high temperatures.

★ **Thermador® Exclusive**

Features vary by model. See Thermador.com or specification sheets for details.

★ **Thermador® Exclusive**

Features vary by model. See Thermador.com or specification sheets for details.

Features

PROFESSIONAL RANGES

★ Steam and Convection Oven with Warming Drawer

This award-winning oven offers three distinct cooking variations: Steam, Convection, or Steam and Convection Cooking which makes food crisp on the outside and moist on the inside. The spacious warming drawer features 3 power levels ensuring quick and even heating.

True Convection

True Third Element convection means you can cook multiple dishes—up to 5 levels of sheet pans—with even baking results and no flavor transfer.

Telescopic Racks

Full Access® telescopic racks glide smoothly on ball bearings, allowing them to expand completely for safe, easy access. Additionally, robust construction safely supports the heaviest dishes, while integrated easy-grip handles make them easy to use.

SoftClose™ Hinges

Thermador Pro Grand Ranges feature hydraulic SoftClose™ hinges to prevent slamming and ensure ultra smooth closing of both ovens and the warming drawer.

Truly Flush Mounted Range

Pro Harmony Ranges are designed to fit perfectly flush in standard 24" depth cabinets.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

Features

PROFESSIONAL RANGES

Home Connect® (Wi-Fi Enabled)

With Home Connect®, you can remotely preheat and monitor your appliances using the app, your smartwatch, and various smart home devices. This includes seamless integration with services like Amazon Alexa, enabling convenient hands-free voice control.

★ Super Fast Self-Clean

In as little as 2 hours, the interior walls and rack supports become clean, thanks to the fastest self-cleaning cycle on the market.

★ Multi-Point Meat Probe

The multi-point meat probe utilizes multiple cooking points for added precision and consistency.

Star-K Certified

Thermador Professional® Ranges are Star-K certified making it possible to use them on the Sabbath or the Holidays.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

RANGETOPS

FOR THE PROFESSIONAL COLLECTION

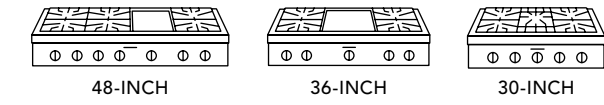

Thermador® Rangetops feature an array of innovative new features, such as LED illumination of the control panel knobs, combined with exclusive heritage features, like our patented Pedestal Star® Burner with QuickClean Base®.

Kitchen Design: Casie Cormier, Life Forward Designs

Features

PROFESSIONAL RANGETOPS

★ Our Exclusive, Patented Pedestal Star® Burner

By creating a perimeter 56% longer than a round burner, the unique star shape allows for more flame ports. The result is a burner that delivers superior flame spread and a reduced cold spot for faster and more even heating.

★ QuickClean Base®

The raised, patented Pedestal Star® Burner and porcelain maintop have been crafted for perfect integration and easy cleanup. A teardrop emboss allows for easier cleanup.

★ ExtraLow®

Our ExtraLow® feature provides a wide range of temperature control. It cycles the patented Pedestal Star® Burner on and off to maintain a very low temperature. Perfect for simmering delicate sauces, or keeping food warm without scorching or stirring.

LED Bullnose Down Lighting

Our thoughtfully designed rangetop offers LED lighting to illuminate the control panel.

Custom Configurations

Configure your rangetop to match the way you cook, by selecting a 12" electric griddle model with an optional grill accessory. Both are easy to clean and dishwasher safe.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

Features

PROFESSIONAL RANGETOPS

★ 5 Burners, 30-Inch Design, Zero Clearance

Delivering the ultimate luxury performance in a 30" design, the powerful, patented Pedestal Star® Burners fire up to a total of 59,000 BTUs, yet only require 300 CFM venting. Thanks to innovative technology, this allows for a flush installation against a kitchen wall with zero rear clearance for complete design flexibility.

18,000 BTU on Every Front Burner and 15,000 BTU on Every Back Burner*

Delivers superior cooking flexibility by offering maximum heat output on every burner.

Star-K Certified

Thermador Professional® Rangetops are Star-K certified making it possible to use them on the Sabbath or the holidays.

★ Blue Knob Kit

Accessorize any Professional Rangetop with a Signature Thermador Blue Knob Kit.

See page 100

BUILT-IN OVENS

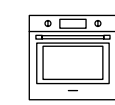

FOR PROFESSIONAL & MASTERPIECE® COLLECTIONS

Updated with vibrant color displays, stunning metallic gray glass, and luxurious stainless steel, Thermador Collections are available in two bold styles: Masterpiece® with contemporary handles for a sleek, modern look, and Professional with bold handles and rotating knobs.

Design: Terracotta Design Build
Photo: Jeff Herr, Jeff Herr Photography

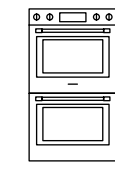

Single Ovens

One of the largest in its class, Thermador True Convection Ovens offer precise cooking on multiple levels without flavor transfer.

Double Ovens

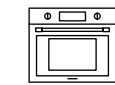

Double the cooking capacity with a Convection Oven and your choice of Steam, Speed, Microwave, or a Double Convection Oven.

Triple Ovens

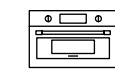

Fully equipped with a True Convection Oven, Warming Drawer, and Speed Oven.

Steam Ovens

Convection Steam Ovens help retain healthy nutrients, and include our True Convection baffle system to eliminate flavor transfer.

Speed Ovens

Convection baking, broiling, and microwave in one powerful, ultra-convenient unit.

Microwaves

Thermador offers both built-in drop-down door Microwaves and MicroDrawer® options, with 10 cooking modes, auto defrost, and convenient sensor cooking to achieve perfect results.

Drawers

Warming Drawers are engineered to keep dishes warm before serving and the custom panel model features a SoftClose™ drawer.

BUILT-IN OVENS

★ Maxbroil®

The Thermador exclusive 4,800 Watt, 12-pass broil element enables you to broil even large dishes more evenly.

★ Heavy-Duty Rotisserie

Heavy-duty, removable rotisserie, cooks up to 12-pound roasts and poultry evenly on all sides. Following your meal, simply place the rotisserie in the dishwasher.

SoftClose™ Door

SoftClose™ hinges prevent slamming and ensure ultra smooth closing of the oven door.

★ Multi-Point Temperature Probe

The multi-point temperature probe utilizes multiple cooking points for added precision and consistency.

Air Fry

Thermador Ovens with air fry capability* allow you to enjoy the versatility of crispy and delicious fried foods—with significantly less oil and without additional countertop clutter.

Air Sous Vide

Experience restaurant-quality, low-temperature cooking—no water bath or bulky circulator required. Air Sous Vide produces tender, flavorful dishes; a vacuum sealer and sous vide bags are required.*

16 Cooking Modes

Select Convection Ovens come with 16 cooking modes, including Dehydrate, Slow Roast, and Rotisserie.

Full Access® Telescopic Racks

Select models offer 3 Full Access® telescopic racks that glide smoothly and safely to support heavier dishes, while integrated, easy-grip handles make them simple to use.

Side Opening Door

Masterpiece® and Professional wall ovens offer both Left and Right Side Opening Doors on select models, providing more options for your kitchen design.

*Air fry and air sous vide is available on select models via Wi-Fi, and is available in the primary cavity only. Visit Thermador.com for details.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

Features

BUILT-IN OVENS

Home Connect® (Wi-Fi Enabled)

With Home Connect® you can remotely preheat and monitor your appliances using the app, your smartwatch, and various smart home devices. This includes seamless integration with services like Amazon Alexa, enabling convenient hands-free voice control.

Large Capacity

Offering a capacity of 4.5 cubic feet of cooking space, 30" Thermador Professional and Masterpiece® Ovens are one of the largest in their class*, capable of handling dinner parties large and small.

True Convection

Thoughtfully engineered and flawlessly executed, the True Convection baffle system allows hot air to flow evenly throughout the oven without flavor transfer.

Super Fast Pre-Heat

Available for Bake, Convection Bake, Roast, Convection Roast and True Convection modes, Super Fast Pre-heat is the perfect solution when you are time starved.

Self-Clean

Self-clean mode cleans interior walls and rack supports in as little as 2 hours.

Star-K Certified

Thermador Built-In Ovens are Star-K certified making it possible to use them on the Sabbath or the holidays.

*According to AHAM Standards

Features vary by model. See Thermador.com or specification sheets for details.

Features

STEAM OVENS

★ Air Fry

Thermador Steam Ovens are the only 30-inch wide models in the industry with a 2.8 cu. ft. full steam convection oven that is air fry capable.* Enjoy the versatility of crispy and delicious fried foods—with significantly less oil and without additional countertop clutter.

Air Sous Vide

Experience restaurant-quality, low-temperature cooking—no water bath or bulky circulator required. Air Sous Vide produces tender, flavorful dishes; a vacuum sealer and sous vide bags are required.*

Large Capacity

Thermador Steam Ovens feature a 2.8 cu. ft. capacity with multiple racks to accommodate all of your culinary ambition.

True Convection

Thoughtfully engineered and flawlessly executed, the True Convection baffle system allows hot air to flow evenly throughout the oven without flavor transfer.

Broil Element

From succulent steaks to flawless au gratin, the broiling element offers more ways to perfect and complete your favorite recipes.

Exceptional Taste without Flavor Transfer

Thermador steam ovens produce dishes to enhance texture, appearance, and of course, taste. Cook multiple dishes at once with no flavor transfer, so you can plan different courses at the same time.

17 Heating Modes

With 17 additional cooking modes, including roast, convection broil, defrost, and reheat, Thermador steam ovens open a whole new door to culinary possibilities.

Reheat or Refresh Leftovers

Give your leftovers a well deserved upgrade. Reheat steak, pizza, or burgers—all without losing taste and texture.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

*Air fry and air sous vide is available on select models via Wi-Fi, and is available in the primary cavity only. Visit Thermador.com for details.

Features

SPEED OVENS AND MICROWAVES

Cook at Full Speed

Thermador Speed Ovens combine convection baking, broiling and microwaving into one powerful, ultra-convenient unit. With 10 power levels and a 1.6 cubic foot capacity, Speed Ovens can heat and reheat prepared meals from Margherita pizza to fluffy breads, with a crisp finish.

Convection Bake & Broil

Enjoy the convenience of a Speed Oven with the added ability to convection bake and broil.

CookSmart®

Thermador Speed Ovens feature 36 CookSmart® Auto Programs including convection, high and low broil, with the ability to warm, cook frozen foods, and microwave for a variety of deliciously creative dishes.

Ten Microwave Programs

Experience different programs to meet your needs. Conveniently melt butter or chocolate, or even soften ice cream to the desired consistency.

Home Connect® (Wi-Fi Enabled)

Thermador MicroDrawer® Microwave's are Wi-Fi enabled and allow for convenient remote monitoring with access to settings and notifications via the Home Connect® app.

Touch “Open” and “Close”

Incorporating a sleek, uncluttered design, the Built-In MicroDrawer® Microwave opens and closes with a simple touch, eliminating the need for a handle.

Features

WARMING DRAWERS

SoftClose™ Warming Drawer

SoftClose™ design prevents slamming and ensures ultra smooth closing of the Warming Drawer. (Available on custom panel model only.)

4 Temperature Settings

Convenient temperature settings include high, medium, low and proof.

COOKTOPS

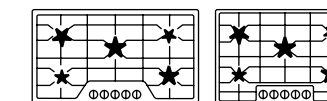

FOR THE MASTERPIECE® COLLECTION

Featuring a suite of induction and gas options, the Thermador® Cooktop collection includes exclusives such as our patented Pedestal Star® Burner and the largest induction cooking surface.

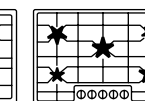

Shown: SGSXP365TS—36-Inch Patented Pedestal Star® Burner Gas Cooktop

Gas

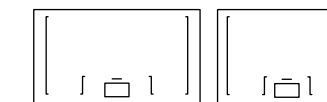

36-INCH

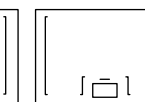

30-INCH

Redesigned with stunning contemporary grates, the latest iteration of Thermador Gas Cooktops offers our patented Pedestal Star® Burners and ExtraLow® Select.

Freedom® Induction

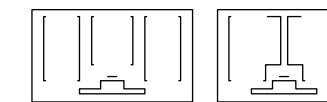

36-INCH

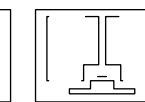

30-INCH

Enjoy unparalleled freedom of movement with the cooktop that automatically detects the presence of your cookware, and transfers all programmed settings to the next location whenever it's shifted.

Liberty® Induction

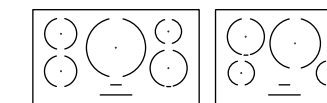

36-INCH

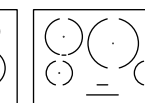

30-INCH

Featuring 2 or 3 Extra-Large Flexible cooking zones, each zone on the Liberty® Induction Cooktop can accommodate pots and pans from 4" to 10" or 11", as well as Teppanyaki grills.

Heritage Induction

36-INCH

30-INCH

Heritage Induction puts power and precision at your fingertips, making simmering, searing, boiling, and grilling second nature. The favorite button allows you to access preferred cooking functions like keep warm and PanBoost® through the Home Connect® app with a single touch.

Features

COOKTOPS

★ **Patented Pedestal Star® Burner and QuickClean Base®**
So unique, it belongs on a pedestal, our patented Pedestal Star® Burner is paired with a QuickClean Base® for easy cleanup.

★ **ExtraLow® Select**
Perfect your delicate sauces with Thermador ExtraLow® Select. Offering an unbeatably wide temperature range, the feature provides five distinct simmer settings for consistency every time.

★ **Illuminated Control Panel with Metal Knobs**
Signature metal knobs within a glass control design panel feature blue progressive illumination that adjusts to indicate the burner setting.

Up to 18,000 BTUs
The center burner offers up to 18,000 BTUs of power, delivering high heat that boils water faster and helps you achieve perfect searing.

Star-K Sabbath Compliant
Thermador gas cooktops are Star-K Sabbath Compliant.

★ **Blue Knob Kit**

Accessorize any Patented Pedestal Star® Burner Gas Cooktop with a Signature Thermador Blue Knob Kit.

See page 99

★ **Thermador® Exclusive**
Features vary by model. See Thermador.com or specification sheets for details.

Features

COOKTOPS

Home Connect® (Wi-Fi Enabled) with Cooktop-Hood Sync

Thermador induction cooktops can pair with a matching hood to synchronize and automatically turn on task lighting and ventilation when the cooktop is in use.

★ Freedom® Largest Usable Cooking Surface

Featuring the largest fully usable cooking surface area on the market within its class—26% larger than the nearest competitor—the 36" Freedom® Induction cooking surface boasts 56 induction elements, allowing you to heat up to 6 pots anywhere on the cooktop.

★ Freedom® TeppanyakiPro®

Divide your teppanyaki pan into one heated and one non-heated area, so you can quickly move ingredients on and off of the heat. Smart technology recognizes the shape of the pan and only delivers induction power to one side.

★ Freedom® Sapphire Glow®

Unique to Thermador, Freedom® Sapphire Glow® is a light feature that delivers beyond aesthetics, with visual feedback when a pot is moved or heated.

★ Freedom® MyZone®

Allowing you to change a preset power level simply by moving a pot or pan on the cooktop, this setting is perfect for challenging recipes that require frequent temperature changes.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

Features

COOKTOPS

★ MoveMode®

Moving your main dish to a different burner so you can start the sauce? MoveMode® allows easy transfer of settings without having to reset power levels when moving a pot across the cooktop.

★ 5,500W PowerBoost®

PowerBoost® increases element power by up to 50% to get your cookware to a higher temperature faster, so you can quickly boil water for pasta or heat oil before sautéing.

★ PanBoost®

Ideal for searing, PanBoost® technology provides 30 seconds of maximum power, then automatically lowers heat to continue cooking.

★ Liberty® HeatShift®

Thermador HeatShift® allows you to change the power level by simply moving the pot across the cooking zone. Perfect for recipes that require moving from a sauté to a simmer.

★ CookSmart®

Get consistent results for even the most complex recipes. CookSmart® includes preset frying levels so each dish is as exceptional as the last.

★ 17 Power Levels

Thermador Induction Cooktops feature illuminated touch controls with 17 power settings for precise control.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

VENTILATION

FOR PROFESSIONAL & MASTERPIECE® COLLECTIONS

The perfect complement to the Thermador® cooking collection, newly designed Professional and Masterpiece Ventilation systems adhere to your design aesthetic, while catering to your culinary needs.

Shown: VCIN48GWS—48-Inch Professional Custom Hood Insert

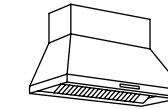

Wall Hoods

Create a bold, modern statement with a distinctive wall hood designed to complement our Masterpiece and Professional cooking collections.

Wall Chimney Hoods

With adjustable chimney height to accommodate both high and low ceilings, you can customize your ventilation to meet your design needs.

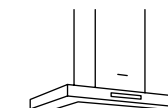

Drawer Slide-Out Hoods

Exclusive to Thermador, Masterpiece® Drawer hood options include a chimney drawer hood or under cabinet version, featuring an increased capture area and a design that integrates with surrounding cabinetry.

Island Hoods

Creating a dramatic focal point in your kitchen, Thermador sleek and slim island hoods are purposefully designed to provide powerful performance without obstructing the view.

Downdraft

Masterpiece® downdraft ventilation are designed to pair with select Masterpiece® cooktops and seamlessly integrate within your countertop when not in use.

Custom Hood Inserts

Whether you choose to blend in with your surrounding cabinetry, or create a statement piece, you can opt for wall or island applications to suit your style and cooking surface.

Features

PROFESSIONAL & MASTERPIECE®

Home Connect® (Wi-Fi Enabled)

With Home Connect®, you can remotely start and monitor your appliances using the app, your smartwatch, and various smart home devices. This includes seamless integration with services like Amazon Alexa, enabling convenient hands-free voice control.

Hood Sync

Synchronize task lighting and ventilation automatically with cooktop when in use. Available only when paired with Thermador induction cooktops that feature Home Connect®.

Noise Control Technology

Ventilation should be seen, not heard. Thermador quiet technology like Noise Control and Noise Control Deluxe™, notably reduce noise while the hood is in use—so you can keep your focus on entertaining.

LED Lighting

Multi-level, vivid LED lighting highlights your first course to the last.

Delay Shut-Off

Delay Shut-Off runs the hood 10 minutes after you are done cooking to remove any lingering odors.

Automatic Mode

Automatic Mode adjusts the fan speed according to your cooking style.

Features

PROFESSIONAL & MASTERPIECE®

Heat Lamp

Keep food warm until it's ready to be served with infrared heat lamps on either side of the hood. The left and right heat lamps can also be used independently from each other and while the blower is off.

Variable Fan Speeds

Thermador hoods have four separate fan speeds that allow you to choose the right level for your cooking needs.

Clean Grease Filter Reminder

The filter button will illuminate when the dishwasher-safe grease filter needs to be cleaned to ensure optimal performance.

Telescopic Design Downdraft

The Downdraft disappears seamlessly into the countertop for a sleek look. Available in two heights, 15" and 18", the telescopic design rises to capture heat, smoke, grease, and steam.

FREEDOM® COLLECTION

REFRIGERATION

FOR MASTERPIECE® AND PROFESSIONAL COLLECTIONS

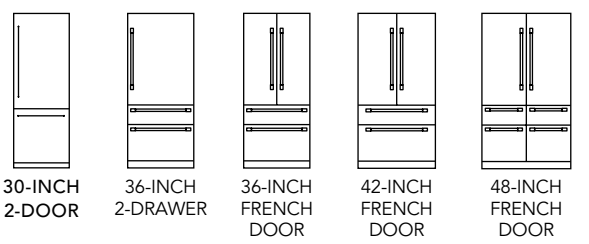

The Freedom Refrigeration Collection features stainless steel interiors for enhanced performance inside and out. Choose from a suite of personalization options, including custom stainless steel columns, expanded storage, and more.

Shown: 48-Inch Pre-Assembled French Door Bottom Freezer, 4 Drawer

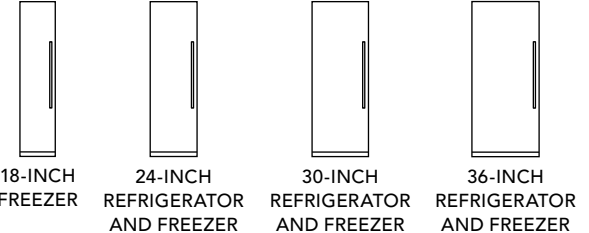

Bottom Freezers

The New Freedom® Bottom Freezer Refrigeration Collection offers single configuration solutions that provide more features, more innovation, and exceptional performance.

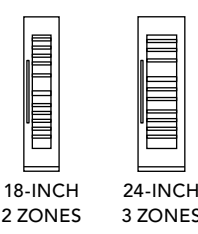

Fresh Food and Freezer Columns

Featuring first of its kind innovation, Thermador Freedom® Fresh Food and Freezer Columns are customizable both inside and out.

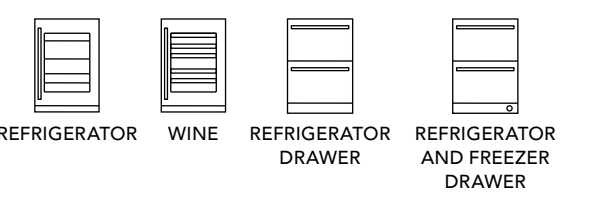

Wine Columns

An absolute must for wine connoisseurs, Thermador Wine Columns offer multiple zone control to ensure your wines are stored at the optimum temperature and humidity.

Under-Counter

Select from a wide variety of Under-Counter configurations that fit all the ways you choose to cool in the kitchen and beyond.

Preservation Personified

Customize Your Exterior

Our award winning Freedom® Collections offers customized exteriors in three simple steps.

1. Choose your unit: Refrigerator, Freezer, Bottom Freezer, Wine Column or Under-Counter.
2. Choose your panel: stainless steel for a standout look, or custom panel for seamless integration with the rest of your cabinetry.

Stainless Steel Panel

Custom Panel

3. Choose your handle design: Masterpiece®, Professional, or custom handles. See page 110 for details.

Masterpiece®

Professional

Visit **THERMADOR.COM** for details on building your custom refrigeration.

Features vary by model. See Thermador.com or specification sheets for details.

Features

FREEDOM® REFRIGERATION

Home Connect® (Wi-Fi Enabled)

Our Home Connect® app integrates with smart home devices and services like Amazon Alexa, and allows for remote temperature control and notifications when the door is left open.

Stainless Steel Interior

Our premium-grade stainless is beautifully crafted to create a boldly elegant interior, that's unmistakably Thermador.

Theater Lighting

Open the door to vivid and elegant theater-style LED lighting that ensures visibility while limiting hot spots.

Open Door Assist

Freedom® Columns feature Auto Door Opening technology, allowing for a handleless design and giving the flexibility to either push or pull open for a luxurious touch.

Touchscreen Display

A touchscreen display panel controls settings, including individual temperature control and lighting.

SoftClose™ Doors and Drawers

Revel in a gentle, quiet glide when you open or close doors or interior drawers.

Gallon Bins

Designed to accommodate your storage needs, the Gallon Bins in our shelving system can be placed to your liking on the refrigerator door.

All-Leg Leveling

All-leg leveling allows for quicker and faster installation.

Features vary by model. See Thermador.com or specification sheets for details.

All-New Bottom Freezers

FREEDOM® REFRIGERATION

★ ThermaFlex® Drawer*

Freeze. Chill. Store. All in one drawer. Experience the flexibility to change the temperature based on your storage needs. Pre-set temperatures include: Freezer, Soft Freeze, Fridge, Beverage and Meat/Fish. Additional settings in the control panel include Deli/Cheese, Pastry and Custom.

*36-inch, 42-inch and 48-inch models only

★ All-New Entertaining Ice** and Signature Diamond Ice

Easily access two kinds of ice including Entertaining Ice and signature Diamond Ice. Entertaining Ice is intentionally designed with craft cocktails in mind, and our exclusive diamond shape is artfully crafted to maximize the chill.

**42-inch and 48-inch models only

Interior Cameras

View your refrigeration inventory from anywhere. Remotely access the built-in interior cameras from your mobile device with the Home Connect® app.

★ Easy-Access Deli Drawer

Convenient open-face Deli Drawer provides easy storage for cheese and charcuterie.

Internal Water Dispenser

Fresh, chilled water is at your fingertips with our UltraClarityPro® water filter that removes 99% of impurities.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

All-New Bottom Freezers

FREEDOM® REFRIGERATION

★ ThermaFresh® Pro Drawers*

ThermaFresh® Pro Drawers optimize temperature and humidity with 10-one touch settings, and features an ethylene absorber that slows down the ripening process so produce stays fresh longer.

*30-inch has one drawer

Full-Color Touchscreen Display

Intuitively customize settings with a redesigned full-color touchscreen, and enjoy even more control options with the Home Connect® app.

Adjustable Shelving

Split-level shelves allow for increased flexibility to meet your storage needs.

Replacement Made Easy

Our 36-inch, 42-inch and 48-inch bottom-freezer refrigerators fit into existing 36, 42 and 48-inch spaces, making it easy for you to replace your current product.

Features vary by model. See Thermador.com or specification sheets for details.

Fresh Food Columns

FREEDOM® REFRIGERATION

★ Cool Air Flow Technology

Thermador refrigerators and freezers have never been more energy efficient. Proprietary Cool Air Flow, upgraded with a quieter fan, evenly distributes cold air throughout all parts of the unit.

★ Delicate Produce Bins

Avoid bruised produce and damaged herbs. Store your fresh-from-the-garden fruits and vegetables in luxury with removable SoftClose™ Delicate Produce Bins (optional accessory).

★ ThermaFresh® System

With advanced and improved cooling technology, the ThermaFresh® System provides humidity control and temperature management where you need it most.

★ Free Flow™ Cold Air System

Free Flow™ Cold Air System adjusts the temperature of refrigeration doors to help keep items placed on interior shelves cool.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

Freezer Columns

FREEDOM® REFRIGERATION

★ Diamond Ice

An eye-catching addition to any party, Thermador Diamond Ice features a unique shape that elevates your glass and your chill. Use Diamond Ice in your favorite craft cocktails to make a lasting impression.

★ SuperFreeze®

Get cooler, faster. Whether you're just returning from the market or freezing for future use, SuperFreeze brings food to its ideal preservation temperature after placing it in the freezer.

In-Door Dispenser

With intuitive touch controls and completely integrated installation, the Thermador In-Door Ice and Water Dispenser is sleeker than ever. Proximity Sensor and stunning lighting make for a captivating filtered water solution (select models).

Full Width Ice Drawers

Full-width ice drawers have the capacity to hold more ice to help prepare for larger gatherings.

36-Inch Freezer Column

36" columns offer ample space for interior storage, enabling you to customize different sizes for freezer preservation.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

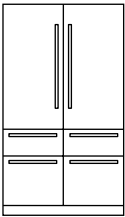

Refrigeration Solutions

DESIGNED WITH YOUR NEEDS IN MIND

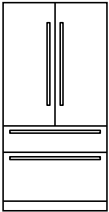

Our new 48-inch and 42-inch Bottom Freezer offerings are crafted to slip effortlessly into your kitchen layout, requiring just one plug. Fits into a 41.5-inch or 47.5-inch space or fully flush in a 42-inch or 48-inch space without the need to adjust existing cabinetry.

48-Inch Solution

Wine Column with Home Connect®
24-INCH – T24IW905SP

Wine Columns

FREEDOM® REFRIGERATION

Store Your Entire Collection

Thermador Wine Columns can hold up to 92 bottles (or up to 99 bottles with additional shelf.†) Whether you're hosting a large gathering or simply enjoying a glass of wine at the end of the day, Thermador Wine Columns make every sip exceptional.

3-Zone Temp Control

From Chardonnay, to Pinot, to Rosé, store all of your wines at the optimum temperature. The Thermador 24" Wine Column features UV glass and is equipped with three separate zones for individual temperature control.

★ Presenter Shelf

Beautifully designed Presenter Shelf made of Wenge wood and aluminum boasts a stylish design allowing you to place your favorite wines front and center.

★ Diamond Dowels

Unique, diamond-shaped wooden dowels help control wine sediment by cradling bottles of every size for stability, as well as offer elegant presentation.

Hidden Rails

In these seamlessly designed wine columns, the ball bearings and rails are completely out of sight. All you can see—and feel—is luxury.

†Additional shelf sold separately; see accessories section, pages 112–113

DISHWASHERS

FOR MASTERPIECE® & PROFESSIONAL COLLECTIONS

Introducing the Radiance Collection: a suite of dish care designed specifically for avid entertainers and exceptional cooks with unparalleled drying ability, capacity, speed and flexibility.

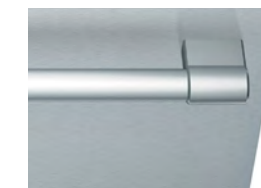

Shown: DWHD661EFP-Star Sapphire® Dishwasher with Professional Handle

The Versatility of Design

DISHWASHERS

With options for Stainless Steel paired with our Professional or Masterpiece® handles, or a custom panel with design of your choice, explore unique options to perfectly complement your kitchen design.

Flat Stainless Steel Panel with Professional Handle

Flat Stainless Steel Panel with Masterpiece® Handle

Custom Panel to Match Your Cabinetry

Fully Flush Custom Panel Dishwashers

Custom Design

Match your dishwasher to your kitchen's custom cabinetry for complete integration and fully flush installation. Thermador Star Sapphire® and Sapphire® custom panel dishwashers feature Push to Open, allowing for a sleek handle-less design.

Protect Your Fine Wood Cabinets

Thermador dishwashers feature a unique condensation drying system designed to reduce the risk of steam damage over time to custom panel wood cabinetry and countertops. The closed system heats dishes with hot water from the final rinse, resulting in the ultimate drying performance.

Kitchen Design: Ili Hidalgo-Nilsson,
Terracotta Design Build Co.

Features

DISHWASHERS

★ Home Connect® (Wi-Fi Enabled)

Use the exclusive Home Connect® app to refine your cleanup routine with remote control and receive timely notifications that keep track of every dish tab so you never run out.

NSF® Sanitization

All Thermador dishwashers are NSF®-certified to offer a high-temperature sanitizing setting that reduces bacteria by up to 99.99%.

Zone Control Spray Arm

The Zone Control Spray Arm amplifies the exceptional PowerWash performance by letting you customize the cleaning power to deep clean even the most challenging dishes, no matter where you place them in the lower rack.

StarDry™ with Zeolite

Our most innovative drying solution, StarDry™ with Zeolite dries everything—even plastics—so there’s no need for hand drying.

★ Folding Glass Care Rack

The Star Sapphire® Dishwasher allows you to securely wash up to 18 large wine glasses at once. An ideal feature for entertaining.

Adjustable Chef’s Tool Drawer®

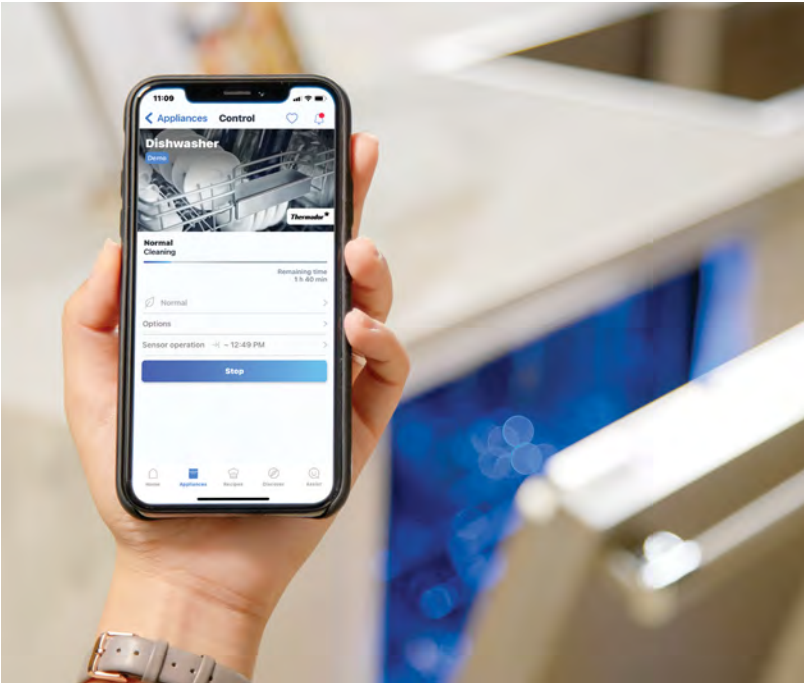

The adjustable Chef’s Tool Drawer® provides the ultimate flexibility to accommodate a wide variety of utensils and hard-to-place items with flexible wings to create additional capacity.

Crystal Protect

Crystal Protect neutralizes water hardness to clean your glassware without leaving spots behind.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

Features

DISHWASHERS

★ Multi-Color Star Glow

Star Glow sets the mood, illuminating the dishwasher interior in a variety of colors via Home Connect®.

★ Sapphire Glow®

Brilliant blue light illuminates the interior of the open dishwasher for a luxurious glow.

Time Remaining PowerBeam®

Always know where you stand with the Time Remaining PowerBeam®, which projects a countdown of the cycle’s remaining time onto the floor below.

★ Blue PowerBeam®

The PowerBeam® projects a blue light onto the floor to indicate when the dishwasher is in use.

Powerfully Quiet

Thermador dishwashers clean and dry quietly so you can focus on after-dinner conversation—with the Star Sapphire® offering the most silent operation in our suite at 42 dBA.

3-Level Adjustable Rack

The upper rack is designed to be raised to accommodate large stock pots or cookie sheets on the bottom rack, or lowered to fit taller wine glasses on the upper rack.

Flexible Folding Tines

Flexible Folding Tines fold down to accommodate larger pots, pans, and dishes.

★ Push to Open

Thermador Star Sapphire® and Sapphire® Custom Panel Dishwashers allow you to open the door with a push, adding a luxurious touch and the option for a sleek handle-less design.

★ Thermador® Exclusive

Features vary by model. See Thermador.com or specification sheets for details.

Entertainer's Corner

A DESTINATION SPOT, AT HOME

Enjoy barista-style coffee or sip on craft cocktails—all within the luxury and tranquility of your own home.

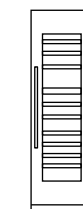

24-Inch Built-In Coffee Machine

24-Inch Custom Panel Star Sapphire® Dishwasher

Custom Panel Double Drawer Refrigerator

24-Inch Built-In Panel-Ready Wine Preservation Column

BUILT-IN COFFEE MACHINE

FOR MASTERPIECE® & PROFESSIONAL COLLECTIONS

With 8 personalized beverages by name, your family and guests can program their favorite coffee and tea beverages. And with options for both plumbed and non-plumbed units, you can incorporate in any room in the home.

Shown: TCM24PS—24-Inch Built-In Coffee Machine

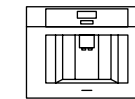

Features

BUILT-IN COFFEE MACHINE

PLUMBED

NON-PLUMBED

Coffee Customization

Perfect for frequent selections, coffee customization settings store up to 8 personalized beverages by name so you can program their favorite drinks—from a single shot espresso, to tea, to extra-large cappuccinos.

Automatic Cleaning

Using both hot water and steam, the machine features a fully automatic rinse program when turning on and off, so it's always ready for the next fresh-tasting pour.

Insulated Stainless Steel Milk Container

Insulated stainless steel milk containers are perfect for coffee and espresso drinks with your favorite type of milk—be it soy, almond, or oat.

Ceramic Disk Grinding

Experience consistent aroma and texture from freshly ground beans, cup after cup.

Automatic Double Shot

Adds an extra shot automatically for a stronger espresso and richer aroma.

Installation Options

PLUMBED

A water and drain connection eliminate the need to empty a drip tray, while water replenishment flows water directly into your machine from your plumbed source, eliminating the need to fill a water container.

NON-PLUMBED

Thermador non-plumbed Built-in Coffee Machines can be installed without an additional water line in your home—enabling installation in the bedroom, guest room, office and beyond.

Features vary by model. See [Thermador.com](https://thermador.com) or specification sheets for details.

Built-In Coffee Machine
24-INCH PROFESSIONAL & MASTERPIECE®

Plumbed Installation

- Direct Plumbed Installation for Water and Drain Connection

24-Inch – TCM24PS

Non-Plumbed Installation

- Refillable Water Reservoir

24-Inch – TCM24TS

Optional Accessory

- TCM24PS shown with optional trim kit

30-Inch Stainless Steel Trim Kit – TCMTK30RS

Water Filters

Replacement water filter for use in all bottom freezer models for built-in and freestanding.
REPLFLTR55 (PART NO. 11032531)

Freedom® Heater Kit

Low voltage heating element designed to guard against condensation build up. For use with non-traditional side-by-side installations (i.e. two wine columns) or instances where appliances are installed less than 6-inches (152 mm) apart from one another but not connected side-by-side. This kit is recommended for areas that are subject to high humidity or located next to an outside wall.

HEATRKIT20 – 13W @ 120V

Freedom® Frame Kit

For use with T30IB100SP, T36IB100SP, T36IT100NP, T42IT100NP, T48IT100NP
FRAMEKIT30

Side-by-Side Installation Kit

For use with T30IB100SP, T36IB100SP, T36IT100NP, T42IT100NP, T48IT100NP, T36BB120SS, T36BT120NS, T42BT120NS, T48BT120NS, T36BB110SS, T36BT110NS, T42BT110NS, T48BT110NS
COMBIKIT10

Combination kit for use when installing two bottom freezer refrigerators side-by-side.

Freestanding French Door Bottom Freezer
